

REMARKS

Applicant respectfully requests reconsideration of the present application in view of the foregoing amendments and in view of the reasons that follow.

In accordance with the Notice of Non-Compliant Amendment, a Corrected "Amendments to the Specification" section is being submitted, whereby this replaces the "Amendments to the Specification" section submitted in the previously-filed reply. Please note that the other sections (Claim Amendments, Drawing Changes, Remarks) submitted in the previously-filed reply are not included in this submission, since only the section deemed to require corrections was requested to be submitted to the PTO in the Notice of Non-Compliant Amendment. It is also assumed that the specification amendments submitted in the previously-filed reply were not entered by the PTO, and thus the specification changes included in this submission are with respect to the original specification.

Respectfully submitted,

Date September 5, 2006
